

SCHOOL FACILITIES

School Transport

School has a very good transport facility for students. If you are seeking to use the school transport for your ward, you have to fill up School Transport Facility Form. The buses pick up students from allotted and fixed bus stops to school and back to the same bus stop.

Computer cum Multimedia Lab

At a very young age itself the students are familiarized with the computers and by the time they leave the school, they are fully computer trained. We have a spacious computer lab with latest designed 25 computers. School has also provided the facility of internet on every computer for the overall development of the children whenever it required.

Physical and Health Fitness

Regular physical exercises in the morning assembly and the games periods is a regular feature of the school routine, the school has a play ground in its campus for the games like Hand ball, Badminton, Volley-ball, Kho-kho, Kabaddi, Athletic with 200mtrs TRACK. The school has a grassy park which serves the purpose to get relieved of fatigue. Students participate in the athletic meet which is held every year in the school campus. We have participated in CBSE and Vidya Bharti Games and Athletics up to North Zone.

Cultural Development

SVM is always in practice to frame the students with Indian cultural and Indian ethos with the help of cultural activities. Our teachers are very scientific to develop the Indian qualities among them.

Dance and Music Classes

We are of the view that music makes learning easier. Study and music must go simultaneously. On huge demand of present time parents music classes have been running for the last three years. Classes are being held in dance and music. Every student gets an opportunity to take part in it.

Science Laboratories

Bookish knowledge is merely unused knowledge lying stored in one's mind. It cannot do much help in shaping student's career, when s/he is faced with realities in the life to come. We are committed to imparting practical knowledge. For this purpose we have spacious Chemistry, Physics, Biology and Mathematics Lab build up with modern techniques and ample science material and apparatus in it. Science labs of the school are well equipped as per the requirements laid down by CBSE.

The World of Knowledge

A well stacked library comprising of all types of informative books and magazines is for the students. The library is very effective in widening the horizon of the child, keeping him entertained, educated and well informed.

Yoga Classes

Yoga is the natural cure of diseases. It makes students stress free and cheerful. Students are taught various Yog and Asan early in the morning. Camps are also organized in the school to make students more and more aware of yoga.

Smart and Interactive Class Rooms

SVM is well equipped with smart and interactive classes to make the students well understand about the content and curriculum. It helps to enhance the understanding of the students.

Language Lab

SVM is also caring about the pronunciation of the students with the help of Language Lab.
